ABOUT ADELAIDE

South Australia is a sophisticated, modern and affordable place to live, work and study. The capital city of Adelaide is a major urban centre with modern and classical architecture, a bustling retail hub and a multi-cultural population.

Adelaide is well known for its Universities, Colleges and Schools. In fact thousands of international students study in Adelaide every year because of the high standard of education it offers.

Adelaide has been referred to as "the last well planned metropolis on earth" - and newcomers will soon realise this. The city has wide streets and central squares ringed by over 800 hectares of beautiful parklands. In every sense this layout sets the scene for modern-day life in Adelaide. Traffic is rarely congested, people are relaxed and friendly, the air is clean and the public transport system can take you to the city's white, sandy beaches or the Adelaide Hills within half an hour.
